Innovative thinking, premium design and exclusive functions are the driving forces behind Dermalife™'s Multi-Sensory Spa Systems. They represent a holistic system of balance and restoration, a revolutionary improvement for your spa care needs. These capsules allow you to experience ancient spa solutions through modern technologies.

Dermalife™ Spa-JET™

Relax, rejuvenate and revive in Spa-Jet, an advanced capsule that epitomizes the concept of spa, offering an indulgent selection of programs created for your enjoyment. This harmonious blend of elements includes heat, steam, water, vibration, color, scent and sound create the ultimate spa experience for body and mind.

Dermalife, a synergy of natural elements and the methods to quickly restore the body and mind, paving the way to a new, positive and healthy way of living.

Hydrofusion™: A single blended energy force of radiant heat and steam. Together, these elements join forces to optimize cleansing, moisturization, and product penetration for advanced skin care.

Steam: Dermalife's moist, gentle steam infused with natural essential oils and herbal aromatics enhance your spa experience.

Radiant Heat: Heat that is the same frequency level as your own body's creates a warm and comforting environment.

State-of-the-Art Water System: Spa-Jet's advanced water systems include 20 shower jets. 10 over-body, 10 under-body and 2 foot massager jets provide a pampering, total body hydromassage with the touch of a button. A gentle mist delivers vitamin and mineral nourishment to your skin.

LED Lights: A selection of 6 colors illuminate a radiant glow, putting you in a state of harmony and balance.

Vibratory Bed: Engage all of your body's systems to work in unison toward harmony. Continuous and pulsating vibration soothes the body.

Vitamin, Mineral and Aroma Systems: Unique reservoirs vaporize and disperse vitamin, mineral, aromatic and herbal extracts to heighten product effectiveness and experience enhancement. Essential oils, herbal extracts and more can be combined to create an environment specific to your needs.

Deluxe Color LCD Display: Pre-set and custom programs are easily selected on this easy-to-navigate panel.

Stereo Ready: Listen to your favorite music while enjoying your relaxing Dermalife experience.
